HOW WATCHES ARE MADE.

In a Solid Gold WATCH, saide from the necessary thickness for engraving and polishing, a large proportion of metal is needed only to stiffen and hold the engraved portions in place, and supply strength. The surplus gold is actually needless. In James Boss' Patent Gold Watch Chaes this WASTE is saved, and SOLIDITY and STRENGTH increased by a simple process, at one-half the cost. A plate of SOLID GOLD is soldered on each side of a plate of hard nickel composition metal, and the three are then passed between polished steel rollers. From this the cases, backs, centers, bezels, etc., are cut and shaped by dies and formers. The gold is thick enough to admit of all kinds of chasing, engraving and engine turning. These cases have been worn perfectly smooth by use without removing the gold. This is the only case made under this process. Each case is accompanied with a valid guarantes signed by the manufacturers warranting it to mear 20 years. 150,000 of these Cases now carried in the United States and Canada. Largest and Oldest Factory. Established 1854. Ask your Jeweler.

## ELY'S Cream Baim

AGREEABLE TO USE. Unequaled for Cold in the Head, Headache & Deafness, or any kind of mucus membranal irritations inflamed and rough surfaces. A prepara-tion of undoubted merit. Apply by the little finger into the nostrils. It will be absorbed, effectually

cleansing the nasal passages of catarrial virus, causing healthy secretions. It allays inflammation, protects the membranal linings of the head from additional colds, completely heals the seres and restores the sense of tasts and smell. Beneficial results are realized by a few applications. A THOROUGH TREATMENT WILL CURE! Cream Balm has gained an enviable reputation

wherever known; displacing all other preparations. Send for circular containing full information and reliable testimonials. By mail, prepaid, 50 cents a package—stamps received. Sold by all wholesals and retail druggists. ELY CREAM BALM CO., Owego, N. Y.
